NOTE:

Hopefully, I will have a book by next week and I can upload PDFs of the pages that correspond with each lesson. If we do not have a book by then, I will start to make questions based off the class video and assign those to each lesson as homework.

I would encourage you to memorize the verses that they are memorizing, they are very important verses to have hidden in your heart.

I am miss seeing you all in class and I cannot wait until school can resume as normal and really start to dig in to the book of Revelation. I am praying for you all and hope you are all well. If you have any questions please feel free to email me at [smansfield@lcany.org](mailto:smansfield@lcany.org) or you can make a comment in our google classroom.
