

March 16, 2020

Dear Parents and Students,

The classroom is very empty as I am here getting your work ready for this week. I miss each of the children and their smiling faces. This will definitely be a different week for all of us. Please remember that I love each of my students and am praying for you each day. Please feel free to text me and let me know how you are doing (704-773-7988)

Inside the folder on your desk is your work for this week along with instructions for each day. Since first and second grades have a lot of review, **PLEASE use the Abeka videos for each day.** Miss Howell and Mrs. Chappell are excellent teachers and will keep the students up to where they should be during this time. I will be watching them as well (I always like new ideas). If your child keeps up with the videos each day according to my directions, there will be no gaps in their learning. Everything has been spaced out so that your child should not be overwhelmed with their work. (Just a note for 2nd graders: I know the book, Mice of the Herringbone may be a challenge. Feel free to take turns reading paragraphs with your child).

Also in the folder is the work for next week. **PLEASE DO NOT DO THE PAPERS AHEAD OF TIME.** If we do have school next week (hopefully we do- I miss the kids already), then we will be needing them in the classroom. I will email the instructions if I need to next Monday for the week. The math test will be included in the papers. Please have your child do the test by themselves. A paper is attached to verify your child worked independently on the test. We will take care of the oral work at a later date, or I may omit them from the grade.

Again, PLEASE text or call me if there are any questions. I would not mind hearing from the students each day how their day was. With parent's permission, I would love to have a text from each child every day.

May God bless you and your family during this time.

Mrs. Coonrod
