

Dear Parents,

I have been preparing some work for this week so the students do not fall behind. I hope I have been clear with what I expect the children to accomplish. Each box on the learning chart is to be done. You can choose what days or times fit your schedule. The Abeka videos are a really neat tool to help the student follow our lesson plans. I try to stick as close to the lessons using the abeka curriculum in class. If you have any questions please feel free to send me a email jgreaves@lcany.org, or text/call 518-903-5815. I am praying for each one of my students daily and look forward to having them back in class with me. I would like to leave with you a Bible verse to give some encouragement, John 14:27 Jesus gives us peace, we should not be afraid even though things might seem scary at times.

Thank you,
Mrs Greaves.
